

MORE THAN ENGINEERING

Stanley Consultants INC.

A Stanley Group Company
Engineering, Environmental and Construction Services - Worldwide

EXPERIENCE **TEAM STANLEY**

The gears of change move us forward.

working together

Your project is an important investment. Stanley Consultants is dedicated to working with you to achieve project success.

listening to you

Asking probing questions and seeking the technical and human factors of your project is a critical step towards your project success. We listen.

understanding your needs

We are a client-focused company, driven to exceed client expectations by understanding long-term visions, goals, and business objectives, as well as the individual needs of your particular project.

providing solutions

Our engineering and technical talent pool is deep and accessible to meet your specific needs and to provide you with innovative and cost-effective solutions.

building relationships

Stanley Consultants' client principals provide you with a single source contact for all of your needs. Our professionals strive to consistently meet your requirements and exceed your expectations.

*Creating the motion
to turn your plans for today
into a better tomorrow.*

EXPERIENCE **TEAM STANLEY**

At Stanley Consultants, our mission is based on placing your needs first. Our multidisciplinary teams of professionals provide engineering, environmental and construction services worldwide. We do this with high ethics and a focus on developing and maintaining long-term client relationships.

Since 1913, Stanley Consultants has served clients on more than 21,000 engagements across the United States and around the world.

Our clients include international, federal, state and local agencies; developers; electric utilities; industry; and education, research and health care institutions.

A great deal of our work is repeat business with clients who have appreciated our services enough to invite us back.

You will find that Stanley Consultants is unique in our industry. We have a long history of attention to service, not only to our clients but also to our employees, who we refer to as members.

We are a member-owned firm that has built a strong reputation for being a great company to work with, and to work for.

Mission Statement

Stanley Consultants puts client needs first. Our professionals provide engineering and related services worldwide. We do this ethically, with a focus on developing and maintaining long-term client relationships.

Core Values

Core Values are important philosophies we use as a guide in making decisions. Stanley Consultants' Core Values are as follows:

CLIENTS We hold our clients paramount. We listen to them and strive to consistently meet their requirements and exceed their expectations.

MEMBERS We value our members. Their capabilities, initiative, integrity, creativity, and commitment are our most important assets. We strive to provide satisfying growth opportunities in a safe and healthy working environment, a role in shaping our mutual future, and fair compensation. We support the growing diversity of the work force.

QUALITY We pursue excellence in all that we do. Excellence is achieved through a continuous quest for improvement.

LEADERSHIP We lead with openness, fairness, and integrity. The health of the company depends upon member trust, empowerment, and involvement in the future direction of the business.

CORPORATE We take seriously our responsibilities to the professions we practice; to public health, safety, and welfare; to the communities where we live and work; and to our shareholders. We are professionally independent and member-owned, and our conservative fiscal management provides stability.
